

Seminar

B I N G O

Speaker bashes previous work	Repeated use of "um..."	Speaker sucks up to host professor	You're the only one in your lab that bothered to show up	Speaker wastes 5 minutes explaining outline
Laptop malfunction	Bitter Post-doc asks question	"...et al."	There's a Grad Student wearing same clothes as yesterday	Blatant typo
Entire slide filled with equations	"The data <i>clearly</i> shows..."	FREE Speaker runs out of time	Use of Powerpoint template with blue background	References Advisor (past or present)
Host Professor falls asleep	"Beyond the scope of this work"	"That's an interesting question"	Work ties in to Cancer/HIV or War on Terror	Master's student bobs head fighting sleep
Speaker forgets to thank collaborators	Cell phone goes off	You've no idea what's going on	"Future work will..."	Results conveniently show improvement
